Suspension of Food Safety Management System Certification

This is with reference to the email dated on 26.04.2023 on above subject; we have informed you that the surveillance audits of FSMS certification have been due by 2023.04.30. At the same time annual audit and registration payment has not been paid and not given a date for conducting surveillance audit as per the signed agreement (IMSM-IR-AG-02) at the issuing certificates. You may agree that you are dealing with food and since you are not complete audit we cannot ensure that you operate your food safety management system as per the ISO 22000 standard. Hence, we are we are compelled to suspend the certificate issued on 2022.06.30 for three months.

Thanking You.

Yours Faithfully,
